tod willson, the Werewolf A Fantasy Novel by Jules

10 0 1

Chapter 1 by J-DOG

In a manssion there lived a scary, idyllic werewolf named tod willson. Not a silly dumb, friendly manssion, filled with spells and a magical smell, nor yet a ginger, rural, grey manssion with nothing in it to sit down on or to eat: it was a werewolf-manssion, and that means warmth.

One day, after a troubling visit from the zombie marlla shwats, tod leaves his manssion and sets out in search of three giant potions. A quest undertaken in the company of ghosts, giants and dirty witches.

In the search for the zombie-guarded potions, tod willson surprises even himself with his intelligence and skill as a president.

During his travels, tod rescues a sword, an heirloom belonging to marlla. But when marlla refuses to try running, their friendship is over.

However, marlla is wounded at the Battle of Somme and the two reconcile just before tod engages in some serious running.

tod accepts one of the three giant potions and returns to his manssion a very wealthy werewolf.
